CAMPUS**

LETTER TO PARENTS

Our commitment to quality, safety, and educational excellence will help guide your child to a firmer and more efficient fluency in English or Spanish.

It is proven that younger students who learn a language consistently and with the help of native teachers progress faster and achieve better pronunciation, grammar and vocabulary. That's why Language Campus has developed language immersion camps especially for students aged 5 to 17 (Daily Camp) and 8 to 18 (Full Immersion), in which they can experience daily contact with the language in a safe and entertaining environment.

Quality and Experience

With 10 years of experience in the Canary Islands, Language Campus has managed to reach the highest standards in language teaching and the advanced use of technology.

In order to achieve this we have our own, unique methodology and have been accredited by pioneering institutions in the world of language acquisition, such as the University of Cambridge and Trinity College, London.

Our exclusive methodology

Our proven method will allow your child to learn both inside and outside the classroom, practising the language in real-life situations. In this way it not only strengthens language skills, but also self-confidence.

Support all the way

With Language Campus thousands of students have become "citizens of the world". We take care of everything: preparation of the curriculum, organisation of academic activities, guided tours and everything else. Our staff, always attentive and available, make sure your child is comfortable and safe whilst enjoying a unique experience and having the time of their lives.

Language Campus

IMMERSION CAMPS

Always with you

Our camps offer language learning in action. Our methodology is based on practical tasks, projects and experiences, building on previous knowledge and developing new skills, (receptive, productive, interactive and mediation) as set down in the Common European Framework of Reference for Languages.

In the current climate it is not enough to be aware of the grammar of a language. You also need to know how to use it to communicate effectively with others. Using our own material and planning, we adapt to each student, their ways of learning, consolidating the knowledge they already possess and enhancing those which are less developed.

We provide detailed follow-up and open communication between teachers and parents on the development of the students' skills. These are documented through the presentation of a certificate guaranteeing the student's attendance level.

Our experience shows us that in order for the experience to be successful, the classes must be taught by native teachers who are motivated, with years of experience behind them and a considerable measure of charisma.

Our camps include:

- More than 30 hours a week of programmed activities in English or Spanish, complete with all materials.
- Native speakers, qualified and experienced in teaching English or Spanish as a second language.
- Small groups of up to 15 children.
- One English or Spanish-speaking monitor for every 15 children plus teachers.
- Strict and specialized supervision.
- Lunch, in the case of Daily Immersion, and full board for Full Immersion.
- Excursions (number depending on the type of camp chosen).
- Accident and civil liability insurance.

Make new friends and have a great time!

LANGUAGE CLASSES

The leading language academy in the Canary Islands

We are a young company with years of experience in the world of education, formed by a passionate team of professionals, imparting our teaching philosophy in the capital city of Las Palmas de Gran Canaria. We are committed to achieve our student's goals.

Dive in the culture

Our immersion programs are geared towards any student who wants to learn English or Spanish first hand. They will be able to explore the culture while living in a privileged island with a lot to offer!

A proven teaching method

Our teaching method has been designed to help our students in a flexible and personalised way. At Language Campus our methodology is adjusted to the principles promoted by the **Common European Framework of Reference for Languages** as well as consistent assessment methods.

Guaranteed results

We adapt to your needs and availability so that you can achieve rapid and strong progress, with the latest educational technology in modern and comfortable facilities. We base our teaching upon an active participation of all students and we record your progress by continuously assessing your language skills.

Fun activities

We offer a wide range of activities to complement the learning experience

CITY TOUR

Las Palmas de Gran Canaria, the capital of the island, is located in the north-eastern part of the island set in magnificent scenery composed of two bays and their beautiful beaches – **Playa de las Canteras** and **Playa de las Alcaravaneras**.

Founded in 1478, Las Palmas de Gran Canaria boasts an important historical and cultural heritage, much of which can be found in the district of **Vegueta**, the oldest quarter of the town.

Las Palmas de Gran Canaria has an impressive infrastructure of hotels and apartments and its harbour Puerto de La Luz is one of the most important in all Europe, giving the city a very cosmopolitan image. Only under the impulse of tourism and economic activities of the 60s was the city finally consolidated and settled with a population that has doubled in the last 30 years (actually around 400,000 inhabitants).

Today, Las Palmas de Gran Canaria is a bustling city overflowing with Spanish ambience, history and culture.

SURF

Las Canteras Beach is one of the **top surf destinations in the world**. Our students will enjoy surfing lessons organised by top professional surfers. Regardless of your level and experience, this is a unique opportunity to learn more about surfing and hit a few waves!

OSORIO ESTATE

The *Finca de Osorio* is an **old country estate** surrounded by laurel, cork oak and chestnut forests. The whole estate is crisscrossed with trails.

Students learn about the local ecosystem, agriculture and farming in the Canaries as well as livestock management. This environment allows us to raise students' awareness of the importance of natural resources and the environment. It is also a great spot to take part in **scavenger hunts**, **treks** and other fun activities.

The Osorio estate consists of over 200 hectares of forest and farmland surrounding the **Pico de Osorio**; a small volcano that reaches an altitude of 967 metres.

AQUALAND WATERPARK

Aqualand is a **world of water rides!** One of the **largest water parks in Europe** with slides of different sizes, shapes and heights that will make your adrenaline through the roof! The Water Park that promises adventure...

LC-SCHOOLS.COM

SPORTS & GAMES

Our students will practise various **outdoor sports** throughout the week. Our hotel alone has **tennis courts** and a **professional golf course**, but we also offer **volleyball, football and yoga** to name but a few.

Needless to say, the weather is **never an issue** in Gran Canaria! Our students will be accompanied by their activity supervisors at all times to guarantee their safety but also teach them specific vocabulary and colloquial language.

In the evening, we give our teens the opportunity to try their hand at singing with our **karaoke night**, **acting** with our voice and acting coach from New-York City and lots of other activities and games organised and closely monitored by our staff. Even then, our multicultural, bilingual environment allows your children to relax while building on their language skills.

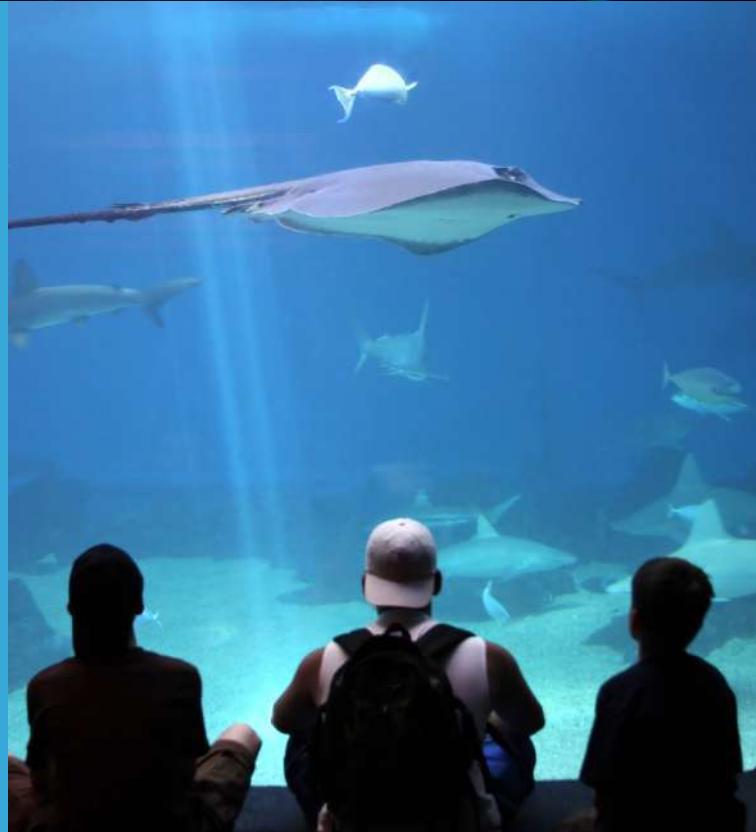

POEMA DEL MAR AQUARIUM

Poema del Mar is an aquarium located in the centre of Las Palmas.

Get ready for a jaw-dropping, out-of-this-world experience and a deep dive into the blue world. You'll be able to see extraordinary ocean creatures through the largest glass window pane in the world.

Some of *Poema del Mar's* inhabitants include turtles, exotic fish, king crabs, manta rays, and hammerhead sharks. It is a fun and educational activity for our students! So, have you ever had the chance to stand on a cylindrical fish tank tunnel? You'll feel like you're a part of the ocean!

LC-SCHOOLS.COM

BOAT TRIP

Once a week, we take our students on a stunning **boat ride in Maspalomas**, in the south of the island, where they can soak up views of the Gran Canaria coastline and **see wild animals in their natural environment**. Learn about sea life and look out for **whales and dolphins**!

WELFARE + SAFETY

Years of Experience

We have over 10 years of experience looking after young learners from all over the world!

24-Hour Support

Our dedicated welfare teams provide 24-hour care and support to all our young learners throughout their stay.

Escorted Transfers

Students will be met at the airport by our staff or their trusted representatives and supervised throughout the journey to and from the school.

Safety & Welfare

Our top priority is our students' safety and wellbeing. We have dedicated welfare staff in all our schools who ensure our students are happy and healthy.

Carefully selected staff

All our staff is carefully inspected and checked for their suitability to work with young learners.

Insurance

All our Young Learner programmes include international insurance with Guard.me.

A scenic view of a beach at sunset. The sky is filled with dramatic, golden-hued clouds, and the sun is low on the horizon, casting a warm glow over the scene. In the foreground, several people are seen surfing in the shallow waves. In the background, a large, multi-story building with a prominent dome is visible, situated on a hillside overlooking the beach. The overall atmosphere is peaceful and inspiring.

*Wish it, dream it
and love it!*
